# 2024 PEF Election Appeal Petition Instructions

1. Statement of facts should be clear, concise and legible. Use of excess verbiage detracts from understanding the issues.
2. Ensure that the filing deadline meets the time limit outlined in the 2024 PEF Election Rules, otherwise the petition will be ruled invalid. If the latest example of a violation is part of a series of events, indicate that the actions are continuous so that earlier occurrences can be cited, and not ruled invalid.
3. Provide all documentation to support charges. Get witness statements, attributed documentation and other direct evidence. Unsupported claims will be dismissed. Any witness statements must be notarized to be accepted.
4. Do your own investigation. The committee meets and reviews paperwork submitted, and does not have the resources to interview witnesses or research unsubstantiated charges.
5. Your case will have a number assigned after submission. The number starts with the year of filing, followed by a number indicating the order in which it was received (e.g., 24-14). Refer to your case number in all subsequent correspondence. The committee cannot be held accountable for missing documents not referencing the case number.
6. Once the committee reaches a decision, it is final. Further recourse is through an Executive Board Appeal. The procedures for this are outlined in the 2024 PEF Election Rules.
7. For further instructions please call the PEF Elections Committee at 1-800-342-4306.
