

Meet The Speaker

~~ Kelly Trautner ~~

Kelly Trautner is the Director of AFT Nurses and Health Professionals, where she works with all departments of AFT to ensure that our members receive top notch advocacy and representation in the workplace, in government and in our communities. Kelly represents AFT on the national level by working closely with organizations, like the American Nurses Association and the national AFL-CIO, and with the National Quality Forum (NQF) where she serves as the chair of the NQF Consumer Council, influencing decisions about quality measures and data sets collected and reported in patient care settings on behalf of AFT. A member of the bars in Ohio, both Ohio federal district courts and the US Supreme Court, Kelly maintains many strong connections in the legal community and enjoys writing about labor law issues for non-lawyer audiences. Prior to starting work at AFT, Kelly spent nine years advocating for Ohio Nurses Association nurses in the workplace, at the Statehouse, in court, on picket lines, and in the labor community. Kelly truly believes in the work we do; the welfare of nursing in the workplace and as a profession is at the center of what she does and she won't back down from a fight for a cause that is just.

*As a nurse, we have the opportunity to heal the heart,
mind, soul and body of our
patients, their families and ourselves.*

*They may forget your name, but they will never
forget how you made them feel.*
