

**FUND OUR FUTURE** is a coalition of union and community leaders committed to making the case for reshaping government in our public interest. We are bringing together civil service employees, activists, and taxpayers to fight for a government that serves We the People.

Fund Our Future believes in:

**A PUBLIC HEALTH SYSTEM** that truly promotes public health, through expanded access to quality affordable care

**PUBLIC SAFETY THAT KEEPS THE PUBLIC SAFE** - through expanded social safety net services and workable reforms to the criminal justice system centered around racial justice

**PUBLIC OVERSIGHT OF PUBLIC PROJECTS** - our investments as taxpayers need to be protected by civil service employees

**EXPANDING THE CIVIL SERVICE WORKFORCE** - decades of budget cuts have shrunk the number of services available to us as taxpayers. We need to re-staff our public agencies to ensure all New Yorkers get the services they need

**A STRONG SOCIAL SAFETY NET** - We give our elected representatives the power to represent our needs — it's time they showed up for us when we need them the most, by building programs and services to meet the needs of the most vulnerable

**MENTAL HEALTH CARE FOR ALL NEW YORKERS** - mental health is health, and we all need support and access to quality public services

**TAKE ACTION NOW TO BE PART OF REBUILDING NEW YORK SO THAT ALL NEW YORKERS CAN THRIVE!**
